RESEARCH & LABORATORY EXPERIENCE

MY VOICE: Milwaukee Youth Voices – Open Conversations on Gun Violence

- Participated in a community-based qualitative research project examining youth perspectives on firearm violence in Milwaukee.
- Assisted with qualitative analysis of focus group discussions examining youth perspectives on firearm violence, community safety, and firearm access.

Normalization of Firearm Access Among Youth in Milwaukee: A Secondary Analysis of MY VOICE

- Conducted secondary analysis of qualitative focus group data examining perceptions of firearm access among Milwaukee adolescents.
- Identified recurring themes related to household firearm exposure and normalization of firearm presence within communities.
- Presented findings at Medical College of Wisconsin Medical Student Research Day.

Vet Connect

- Developing a veteran-centered narrative medicine initiative designed to strengthen communication between veterans and healthcare providers.
- Conducting literature review and project development under faculty mentorship.
- Exploring methods to improve patient-provider relationships through greater understanding of military service experiences.

Comparison of Management Strategies and Outcomes in Acute Diverticulitis: Acute Care Surgery vs. Colorectal Surgery at a Single Institution

- Participating in a surgical outcomes research project evaluating differences in management and outcomes across surgeon specialties.
- Assisting with literature review, database development, and retrospective data collection.
- Investigating factors associated with operative decision-making and postoperative outcomes.

Improving Colorectal Cancer Screening Rates in a Family Medicine Clinic

- Led a quality improvement project evaluating barriers to colorectal cancer screening in a family medicine clinic.
- Conducted chart review and data analysis to identify opportunities to improve screening compliance and preventive care delivery.
- Developed recommendations aimed at increasing screening rates and reducing gaps in colorectal cancer prevention.
